MINUTES OF MEETING DUNES COMMUNITY DEVELOPMENT DISTRICT

The regular meeting of the Board of Supervisors of the Dunes Community Development District was held Friday, May 13, 2022, at 9:30 a.m. at the Dunes Administrative Office, 101 Jungle Hut Road, Palm Coast, Florida.

Present and constituting a quorum were:

George DeGovanni
Gary Crahan
Rich DeMatteis
Charles Swinburn
Dennis Vohs
Chairman
Vice Chairman
Assistant Secretary
Assistant Secretary
Treasurer (by Zoom)

Also present were:

Greg Peugh District Manager
Darrin Mossing District Representative
Dave Ponitz District Engineer

Michael Chiumento District Counsel (by Zoom)

The following is a summary of the discussions and actions taken at the May 13, 2022 meeting. An audio copy of the proceedings can be obtained by contacting the District Representative.

FIRST ORDER OF BUSINESS Roll Call

Mr. Mossing called the meeting to order at 9:30 a.m.

SECOND ORDER OF BUSINESS Minutes

A. Approval of the Minutes of the April 8, 2022 Meeting

Mr. Crahan provided corrections to the minutes, which will be included in the final version. One of the corrections Mr. Crahan provided was to change "lodge" to "Hammock Beach Resort" on page two. Additionally, he informed the Board the resort's goal is to break ground on the addition to the resort this year, so the District will need to contact management of the resort to inquire as to what the utility requirements are.

On MOTION by Mr. Crahan seconded by Mr. Swinburn with all in favor the minutes of the April 8, 2022 meeting were approved.

THIRD ORDER OF BUSINESS Audience Comments

Mr. Richard Hamilton stated I've been on and off the board of Island Estates for 20 years. I also share in a sub-committee on the scenic A1A, they call it A1A Safety Flagler. They asked me to try and coordinate all the different issues on safety on the road and the trails and work with all the different entities that are involved in that to try and spearhead some projects. It's a bit like herding cats because there are so many entities involved. Working with Greg and his team is a delight. I wish everybody else was as good, thorough, and responsive as they are. I noticed in your agenda that you have some continuing issues about the discussion of the toll and the bridge. I'd like to make some comments about the cycling pathways and perhaps some suggestions for consideration. I've talked to Greg about it, and I know there are various issues, not the least of which is money, but also your capacity on the bridge. One issue that we have is that the Hammock Dunes bridge and Flagler Beach bridge are the only two connections that we have between A1A and the rest of the county bicycle trail system, so anyone interested in cycling, knows they have to get down A1A and across one of the bridges. A1A is a very important part of Florida's trail network. You know the congestion on this side of the bridge, and if you're cycling over it, suddenly the trail disappears, or veers off to one side. If you're trying to go over to Palm Coast, you don't have the space for a trail, so you have to cycle a bit in the road. Then you have the maintenance and breakdown lanes, which most cyclists use, but there's no clear marking and cars will veer over into that. I want to show you what Flagler Beach has done, which is mark it off to try and discourage vehicles from moving over to that side. It looks to me that you're probably a year or so away from restriping across the bridge. Would you consider putting that sort of marking? Then when you get to the other end, where you're doing all the work on the toll, the bike path on the southside is currently torn up, but I see in the plans you are going to be restoring that. But instead of having an abrupt turn if you're coming over that pathway and you want to go out into the roadway, it looks to me as if your plans will soften that, so you discourage cyclists from going on the pedestrian walkway.

Mr. DeGovanni asked if Mr. Hamilton would prefer the bike path on the north side of the bridge.

Mr. Hamilton responded if you have the ability, do it on both sides, because it doesn't stop you from using it for maintenance.

2

Mr. Hamilton pointed the Board to a map he provided of the lanes coming toward the bridge noting how the lane heading towards Palm Coast narrows as it gets closer to the toll booth, and how it shows the abrupt turn cyclists would need to make to continue onto a path. Mr. Peugh stated that the Board will be going over a map of the toll booth and he thinks that problem has been solved. Mr. Hamilton also explained if a cyclist is in the lane heading from Palm Coast towards Hammock Dunes, if they're in the breakdown lane, it's an unmarked abrupt turn onto the bike path to come down from the sales office and that turn could also be softened.

FOURTH ORDER OF BUSINESS Reports and Discussion Items

B. Consideration of Resolution 2022-04, Approving a Proposed Budget for Fiscal Year 2023 and Setting a Public Hearing Date for Adoption

Mr. Peugh noted the budget included in the agenda package is substantially the same as last years, and as the months go by, the budget will be updated with the latest numbers.

On MOTION by Mr. DeMatteis seconded by Mr. Crahan with all in favor Resolution 2022-04 approving the proposed budget for Fiscal Year 2023 and setting a public hearing for August 12, 2022 at 9:30 a.m. at the Dunes Administrative Office was approved.

Mr. Crahan asked if there is an increase projected for health insurance costs. Mr. Peugh responded that a 15-20% increase is anticipated.

Mr. Peugh informed the Board the administrative office has flooded again and also mentioned that the furniture is aging. He proposed a budget of approximately \$30,000 for furniture and flooring replacement. Mr. Crahan stated that he'd like to see a scaled drawing of the meeting room layout that includes the proposed furniture.

Mr. Peugh asked if the Board would like to include an increase in cash toll rates in the FY23 budget. The Board discussed waiting on the termination of the loyalty passes prior to deciding on whether to increase the cash tolls.

Lastly, Mr. Peugh cautioned that an increase in rates will need to be considered in the future due to salary increases.

C. Report on the Number of Registered Voters

Mr. Peugh reported that there are 2,714 registered voters residing within the District boundaries.

D. Toll Facility Traffic Layout

Mr. Peugh provided the Board with an overview of what the new toll facility layout will look like. It was recommended to keep bicycles away from the toll arms, so bicycles and pedestrians will be directed around the back of the toll building, and there will be an additional transition to the bike path to alleviate the issue of the sharp turn for bicyclists. Mr. Crahan asked about the indoor area of the new facility. Mr. Peugh responded that the employee feedback has been positive. Mr. DeGovanni suggested installing a panic button for the bridge customer service area should there be an emergency.

Discussion on Capacity Fee Issues for Commercial Accounts

Mr. Peugh reported that the Hammock Beach Resort was under their allowable water consumption capacity last month by approximately 255,000 gallons and also noted that staff will continue to monitor their usage with the addition of the takeout restaurant. The Board discussed the addition of 200 hotel rooms. Mr. DeMatteis asked if there is anything the District needs to do to service the addition, such as adding a new line. Mr. Peugh responded that he thinks the District has sufficient infrastructure and Daniel Baker believes the current paid capacities will suffice.

Oasis / Beach Walk / Lennar Homes Development Update

Mr. Peugh updated the Board on the Oasis, Beach Walk and Lennar Home developments.

The District signed the FDEP permit to accept the water and wastewater for the Oasis development.

Development is progressing for Beach Walk with two model homes being constructed.

District staff has provided comments on the latest set of plans for the Lennar Development and are awaiting a response.

Stormwater Utility / Reclaimed Flow Discussion

In regard to the stormwater utility, Mr. Peugh informed the Board staff is working with CDM on the approach for the outside service area communities.

In regard to reclaimed flow, Mr. Peugh informed the Board the District generates a quarter of its reclaimed flow, and Palm Coast generates the remaining three quarters. The morning of the meeting, Palm Coast cut that in half as they're having problems with their centrifuge. Mr. Peugh

explained to the City that in order for the District to provide a new line, the City needs to commit to one million gallons, over what the current agreement provides for. For short term solutions there are a couple of options being considered; one being a north/south split for irrigation purposes. with automatic valves, so that they could be shut off automatically. Additionally installing a new line to the reject pond and finding a new well site are possible longer term solutions to the issue of sustainable reclaimed water supply. Mr. Peugh will begin adding costs for these items to the budget.

Discussion on Traffic Concerns

Mr. Peugh presented the Board with a suggestion to remove two stop signs along Hammock Dunes Parkway, making the roadway a thoroughfare, which would seemingly eliminate most of the backup on the bridge looking at the statistics of how many vehicles are going straight, turning left, and turning right at the stop signs. The traffic engineers felt the level of service would dramatically improve off the bridge. The Board discussed how the change would be implemented, such as providing notice of the change via temporary message boards, removing a portion of sidewalk and possibly installing rumble strips. Mr. DeGovanni stated that he thought constructing additional lanes, and/or adding traffic signals would still be necessary in the future. Mr. DeMatteis stated that he felt it would be trading one problem for another. The Board's consensus was to not explore the option of removing the stop signs. He suggested adding funds for preparing engineering plans and specifications in the FY23 budget, to be used at a later date for construction of the intersection improvements at the current four-way stop. Mr. Vohs stated that he felt the first step would be to eliminate the loyalty cards, and then the cash toll rates can be increased to first determine how much that helps alleviate some traffic.

FIFTH ORDER OF BUSINESS

Staff Reports

Attorney

Mr. Chiumento informed the Board a suit has been filed against the entity that damaged an RO concentrate line. They will have 20 days to respond once they're served.

Mr. Chiumento also informed the Board he has been working with Mr. Peugh on a resolution regarding motorized bikes and vehicles on sidewalks. It's convoluted as the District does not have police powers to enforce and ticket people, so there's not much that can be done,

other than asking the local sheriff's department to do that policing. A resolution could, however, be adopted to codify what the District does and does not allow on sidewalks. It would be proposed that scooters and bikes would be allowed on sidewalks so long as they do not exceed 20mph. Anything that is subject to the disability act would be an exception to the rule, as would district employees, official emergency services, and law enforcement services.

B. Engineer - Report

A copy of Mr. Ponitz's report was included in the agenda package for the Board's review.

Mr. Ponitz informed the Board of an emergency repair in Hammock Dunes that required a detour. He noted the contractor should be complete with the pump station repairs and detour removed by end of the day.

He also informed the Board a copy of the annual water quality report will be sent with the next water bills.

Manager

F. Bridge Report for April

Mr. Peugh reported the following information related to the bridge:

Vehicle trips were up approximately 6% and revenue was up approximately 7% from last year.

Staff is looking into tolling options such as SunPass and E-Transit and will present a proposal to the Board at a future meeting.

Lastly, Mr. Peugh reported there are 20,600 accounts, around 59,000 loyalty cards have been sold, there are about 9,300 website users and last month about \$5,500 worth of credit card transactions took place in the toll booth.

G. Additional Budget Items Report

Included in the additional budget items report is the emergency repair of the lift station that Mr. Ponitz referred to, which was just under \$65,000. Mr. Peugh informed the Board there was a catastrophic failure of the scrubber for the hydrogen sulfide. A replacement has been ordered and will cost approximately \$18,000. There is also an RO skid pump in need of repair at an

approximate cost of \$4,700. Lastly, a new treadle will need to be installed at the bridge at a cost of approximately \$40,000.

SIXTH ORDER OF BUSINESS

Financial Reports

- H. Balance Sheet & Income Statement
- I. Assessment Receipts Schedule
- J. Approval of Check Register

The Board reviewed the financial statements, copies of which were included in the agenda package, and made the below motion to approve the check register totaling \$294,191.52.

On MOTION by Mr. DeMatteis seconded by Mr. Crahan with all in favor the check register was approved.

SEVENTH ORDER OF BUSINESS

Supervisors' Requests and Audience Comments

Supervisor Requests

Mr. Crahan requested a printout of the registered voter list.

Audience Comments

Mr. Hamilton stated that he would follow up on the bike lane issue.

EIGHTH ORDER OF BUSINESS

Next Meeting Scheduled for June 10, 2022 at 9:30 a.m. at the Dunes CDD Administrative Office, 101 Jungle Hut Road, Palm Coast, Florida

NINTH ORDER OF BUSINESS

Adjournment

On MOTION by Mr. Swinburn seconded by Mr. Crahan with all in favor the meeting was adjourned.

BUDGET HIGHLIGHTS FY 2023

- 1. Assessments are the same from last FY.
- 2. Payroll includes an average 3% increase over last FY Budget.
- 3. See Capital Improvements List.
- 4. # Health Insurance is now based on a calendar year due to the ACA. We won't get new rates until November. The amount is an estimate of the cost.
- 5. ## Liability Insurance premium is an estimate, but it should be very close to the final cost.

NOTES:

At the beginning of FY2022 the unrestricted fund balance was:

For the FY 2022 Budget:

State projected net income for FY2022 is:

Of that amount,

\$162,272

\$34,837

of that amount was carried forward and utilized to offset increases in assessments for FY 2022.

and will be added to the fund balance.

will be carried forward to FY2023 Budget to offset increases in assessments for FY 2023.

\$1,554,861

BUDGET HIGHLIGHTS FY 2023

NOTES:

At the beginning of FY2022 the unrestricted fund balance was:

The projected net income for FY2022 is: In FY 2022:

The balance of the net income will remain in the fund's reserve balance of:

* From Current Unaudited Financial Statements

\$3,909,472

\$698,533 and will be added to the fund balance.

\$700,000 of that unrestricted fund balance is planned to be utilized for identified capital projects.

\$3,863,463 * for working capital, cost prohibited insurable events, future capital projects and rate stabilization.

^{1.} Payroll includes an average 3 % increase over last FY Budget.

^{2.} See Capital Improvements List.

^{3.} Transfer \$0 from W & S Fund Surplus to General Fund per Opinion of Counsel and Grau's letter.
4. # Health Insurance is now based on a calendar year due to the ACA. We won't get new rates until November. The amount is an estimate of the cost.
5. ## Liability Insurance premium is an estimate, but it should be very close to the final cost.

BUDGET HIGHLIGHTS FY 2022

- 1. Revenues based on past FY projections and revenues as Cash trips are declining, Bpass trips are increasing, and vehicle trips are increasing as such the income has not stabilized.
- 2. Payroll includes at least a 3% increase over last FY Budget.
- 3. Maintenance Reserves based on Engineering and Financial Consultant's recommendation.
- 4 Transfer

- from Bridge Surplus Account to General Fund.
- 5. # Health Insurance is now based on a calendar year due to the ACA. We won't get new rates until November. The amount is an estimate of the cost.
- 6. ## Liability Insurance premium is an estimate, but it should be very close to the final cost.

NOTES:

At the beginning of FY2022 the unrestricted fund balance was:

\$10,374,855

The projected net income for FY2022 is:

\$0 and will be added to the fund balance.

In FY 2022:

\$0 of that unrestricted fund balance is planned to be utilized for identified capital projects.

The balance of the net income will remain in the fund's reserve balance of:

\$10,439,061 * for working capital, cost prohibited insurable events, future capital projects and

rate stabilization. For future Bridge repair a portion of the unrestricted funds will be utilized in conjunction with bond financing.

^{*} From Current Unaudited Financial Statements

Dunes Community Development District (DCDD) C/O Gregory L. Peugh, P.E. 101 Jungle Hut Road Palm Coast, FL

Re: Professional Engineering Services for

Development of Final Bid Documents for Proposed Intersection Improvements

Camino Del Mar and Hammock Dunes Parkway

Dear Mr. Peugh:

We are pleased to submit this proposal for engineering services for of the above referenced project. The scope of services for this task will broadly consist of the development of final plans for the intersection improvements consisting of widening and signalization at the subject intersection. The specific services are provided below. The services will be performed in conformance with the following:

PROJECT OBJECTIVES

The Consultant will provide final survey and geotechnical services via subconsultants. The consultant will also provide final analysis, plans, specifications, and estimates for the following disciplines:

- Project General Tasks
- Roadway
- Drainage
- Utilities

- Structures (Mast Arms)
- Signing & Pavement Marking
- Signalization
- Lighting

Work will begin as directed with approval from the Dunes Community Development District via e-mail.

2. SPECIFIC SERVICES

The Consultant shall perform services that will consist of the following as detailed below in truncated fashion:

PROJECT GENERAL AND PROJECT COMMON TASKS

- Basic Community Awareness Plan
- Project Notifications
- Public Meeting Preparation/Attendance/Follow-up
- Regulatory Agency Meetings
- Specifications and Bid Document Package Preparation
- Quantities
- Project Documentation
- Meetings
- Post-Design Services

ROADWAY ANALYSIS & DESIGN

- Pavement Design Package
- Updates to Horizontal/Vertical Master Design Files
- Cross Section Design Files
- Temporary Traffic Control Plan Analysis (Lane closure analysis, pedestrian plan)
- Master TTCP Design Files
- Cost Estimate
- Field Review
- Technical Meetings
- QA/QC
- Full Plan Set

DRAINAGE ANALYSIS & DESIGN

- Drainage Map
- Base Clearance Calculations
- Cross Drain Design
- Storm Drain Design
- Quantities
- Cost Estimate
- Permit modifications to existing permit for DCDD Development
- Erosion Control Plan
- Field Review
- Technical Meetings
- QA/QC
- Stormwater Pollution Prevention Plan

UTILITIES

- Utility Kickoff Meeting
- Utility Coordination
- Utility Markups, Work Schedules, and agreements
- Utility Construction follow-up
- Contract Plans to UAO's
- Utilities Certification

STRUCTURES

- Quantities & Cost Estimate
- Mast Arm Design
- Mast Arm Data Table Plan Sheets
- Coordination with Signal Design
- QA/QC

SIGNING AND PAVEMENT MARKING [SAPM]

- Master Design File
- Multi-Post Sign Support Calculations

- Sign Panel Design Analysis
- Quantities
- Cost Estimates
- Field Review
- Technical Meetings
- QA/QC
- SAPM Plans

SIGNALIZATION ANALYSIS AND PLANS

- System Timing
- Reference and Master Signalization Design File
- Overhead Street Name Design
- Pole Elevation Analysis
- Traffic Signal Operation Report
- Quantities and Cost Estimate
- Technical Special Provisions
- Field Reviews
- Meetings
- Signal Plans Set

LIGHTING ANALYSIS AND PLANS

- Lighting Design Analysis and Report (LDAR)
- Voltage Drop Calculations
- Reference and Master Design Files
- Temporary Highway Lighting
- Design Documentation
- Quantities and Cost Estimate
- Technical Meetings
- QA/QC
- Lighting Plans

SURVEY AND GEOTECHNICAL

See attached for subconsultant scope of services for subject disciplines.

3. CLIENT RESPONSIBILITIES

The DCDD shall provide KCA and its subconsultant access to the site as well as appropriate project files and correspondence to inform the proposed analysis and design functions.

4. **LIMITATIONS**

The Scope is limited to those services outlined within and includes assumptions regarding the necessary public involvement plan being limited in nature.

5. BEGINNING AND LENGTH OF SERVICES

The above outlined services shall begin upon the receipt of the Notice to Proceed from the DCDD. Final deliverables will be provided in accordance with the project production or required schedule and is estimated at approximately 18 months from NTP to bid letting. Appropriate time should be allowed for the survey field work and post-processing to occur prior to the design beginning.

6. COMPENSATION

Compensation for the previously described services shall be a lump sum amount of \$195,319.56 in accordance with the attached Summary Fee Sheet.

Sincerely,

Samuel L. Cullum, PE Project Manager

Some L Culler

SLC

Tierra

June 1, 2022

Kisinger Campo and Associates, Corp. 301 Fayetteville Street, Suite 1500 Raleigh, NC 27601

Attn: Mr. Sam Cullum, PE

RE: Geotechnical Services Proposal

Hammock Dunes Parkway and Cam Del Mar

Intersection Improvements Flagler County, Florida

Tierra Proposal No.: 65-22-316

Mr. Cullum:

Tierra, Inc. appreciates the opportunity to submit the attached proposal to provide geotechnical services for the referenced project.

Project Information

Based on preliminary plans, portions of Hammock Dunes Parkway and Cam Del Mar will be milled, resurfaced, and widened. In addition, four (4) mast arm signals will be added at the intersection of Hammock Dunes Parkway and Cam Del Mar. Tierra's involvement will be to provide geotechnical services and data to support the design and construction.

Geotechnical Scope of Services

The objective of our study will be to obtain information concerning the subsurface conditions at the site for use in geotechnical considerations. We propose to complete the following services:

- 1. Review soil information from the "Soil Survey of Flagler County, Florida" published by the United States Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS). Review topographic information obtained from the appropriate Quadrangle Map published by the United States Geological Survey (USGS). Review potentiometric information obtained from the "Potentiometric Surface of the Upper Floridian Aquifer in Florida" Maps also published by the USGS. Provide USGS and USDA maps that depict the project area and limits.
- 2. Review available plans.
- 3. Conduct a visual reconnaissance of the project site and coordinate utility clearance via Sunshine State One Call.
- 4. Obtain the necessary Right-of-Way Permit to complete the proposed geotechnical field services.
- 5. Coordinate Maintenance of Traffic and lane closures necessary to complete the field services in accordance with FDOT Standard Plans Indices.

Geotechnical Services Proposal Hammock Dunes Parkway and Cam Del Mar Intersection Improvements Flagler County, Florida Page 2 of 2

- Execute a program of subsurface exploration consisting of subsurface sampling and fieldtesting.
 - Perform four (4) Standard Penetration Test (SPT) borings advanced to a depth of approximately 30 feet below the ground surface for the proposed mast arm signal pole foundation design. The borings will be located as close to the proposed mast arm signal foundations as feasible. The SPT borings will be sampled continuously for the initial 10 feet below the ground surface and on 5-foot intervals thereafter. Install casing as needed and backfill SPT boreholes with grout in accordance with the Florida Water Management District and the Florida Department of Environmental Protection requirements.
 - Perform twenty (20) hand augers to a depth of approximately 5 feet in the vicinity of the proposed pavement improvements/roadway widening.
 - Perform four (4) pavement cores. Two pavement cores will be completed along Hammock Dunes Parkway and two (2) pavement cores will be completed along Cam Del Mar. Measurements of the pavement thickness, base thickness, pavement layers, crack depths, rut depths, and cross-slopes will be recorded in the field. Photos of the pavement cores will be taken. Please note that the pavement data provided is <u>not</u> intended to be considered a pavement evaluation report but rather data for use in general pavement design considerations.
 - Collect two (2) bulk samples for Limerock Bearing Ratio testing.
 - Measure groundwater level and estimate the seasonal high groundwater table at select locations.
- 7. Visually classify and stratify the soil samples using the Unified Soil Classification System (USCS) and American Association of State Highway and Transportation Officials (AASHTO) soil classification system, as appropriate.
- 8. Conduct laboratory testing on select soil samples to confirm the visual classification, estimate engineering properties and evaluate the corrosive nature of the soil and water. The following testing is anticipated:
 - Twelve (12) Fines Content Tests.
 - Two (2) Atterberg Limits Tests.
 - Two (2) Organic Content Tests.
 - Four (4) Moisture Content Tests.
 - Two (2) Corrosion Classification series for pH, resistivity, chloride, and sulfate contents.
 - Two (2) Limerock Bearing Ratio Tests.
- 9. Generate soil parameters based on the data obtained from the SPT borings and laboratory test results. The soil parameters will be provided to the Structural Engineer for use in design of the mast arm foundations.

Geotechnical Services Proposal Hammock Dunes Parkway and Cam Del Mar Intersection Improvements Flagler County, Florida Page 3 of 2

- 10. Generate Report of Core Borings, Boring Location Plans, Soil Profile and Roadway Soil Survey sheets for inclusion in the plans. The plan sheets will be generated in general accordance with the FDOT Design Manual.
- 11. Identify deleterious materials or conditions encountered within the test borings that may impact the design or construction.
- 12. Provide design and construction recommendations for soil utilization and removal in general accordance with FDOT Standard Plans Indices 102-001 and 120-002.
- 13. Prepare a geotechnical report that summarizes the course of study pursued, the field and laboratory data generated, subsurface conditions encountered and our engineering recommendations and construction considerations.

Exclusions

This proposal does not include the following:

- Contamination Screening Services
- Survey of soil boring locations and elevations.
- Subsurface utility locating services.

Service Fee

The total estimated fee to perform the preceding geotechnical scopes of services is **\$21,991.68** We appreciate the opportunity to offer our services to you and we look forward to working with you. Should you have any questions in regard to this proposal, please do not hesitate to contact our office.

Respectfully Submitted,

TIERRA, INC.

Mr. Sam Cullum P.E. | Vice President/Structures Department Manager Kisinger, Campo & Associates, Corp. 301 Fayetteville Street, Suite 1500 Raleigh, NC 27601 O. 9919-882-7839 | C. 813-415-7293

RE: Hammock Dunes Parkway – Intersection Improvements
Hammock Dunes Parkway and Cam Del Mar, Palm Coast, FL 32137
Section 38, Township 11 South, Range 31 East, Flagler County, Florida

Dear Mr. Cullum,

We are pleased to submit our proposal for Subsurface Utility Designation and Verification (Mast Arms) with Survey Collection on the above referenced project.

SCOPE OF WORK:

- 1. Horizontally locate and field mark (paint & flags) all public subsurface utility mains found excluding service lines, gravity sewer lines and irrigation as shown shaded in **orange** on the attached plans; pages 5-7, provided by Kisinger, Campo & Associates, Corp. via email on May 24, 2022.
- 2. Coordinate Sunshine 811 and utility locates to include supplemental calls to each locator to expedite the field marking of each subsurface utility as required by law.
- 3. Expose any subsurface utilities found within conflict with **four (4)** proposed pole foundation(s) using an X cut in a 60" circular area by using non-destructive vacuum excavation methods to a depth of 7' and air probe to 10' at said proposed pole location(s) indicated on plan sheet(s) provided or marked by client in the field.
- 4. Confirm/determine the vertical and horizontal position any utilities found and record the information.
- 5. Any asphalt/concrete removed will be repaired using like materials.
- 6. Tie each test hole location to a minimum of three visible physical features to enable this data to be added to your base map and also enable future recovery.
- 7. Locate all utility data using GPS or conventional surveying equipment.

NOTE: A field meeting with the project engineer for clearing pole locations is recommended due to potential conflicts; therefore, relocation of proposed pole(s) may be necessary.

DELIVERABLE

The final product will be a raw data file of utility information provided for your use.

ADDITIONAL SERVICES

Any service not explicitly provided for in the above scope will be billed as additional services and will be performed at our then current hourly rates.

PROJECT TIMELINE

We anticipate the completion of the above-described work within six (6) weeks after receipt of an approved permit and a written notice to proceed.

Mr. Sam Cullum P.E. | Vice President/Structures Department Manager Hammock Dunes Parkway – Intersection Improvements May 25, 2022

Utility Terms and Conditions

Kisinger, Campo & Associates, Corp. agrees to abide by the Sunshine 811, Florida State Statutes Chapter 556.106 and all applicable laws, and regulations that pertain to the services provided.

Kisinger, Campo & Associates, Corp. **MUST** provide Southeastern Surveying and Mapping Corporation (SSMC) all plans and records for this site prior to the commencement of field efforts **AND** review plans with SSMC technician. SSMC will rely on the accuracy of such plans and records and will notify Kisinger, Campo & Associates, Corp. if there are any patently or reasonably identifiable defects in the documents prior to performing services. Kisinger, Campo & Associates, Corp. representative will be responsible for reviewing plans with SSMC technician and indicate what utility structure are expected to be encountered and where.

SSMC shall review the site conditions with the use of a Ground Penetrating Radar (GPR) in the presence of Kisinger, Campo & Associates, Corp. Authorized Representative based upon the plans and records provided.

Kisinger, Campo & Associates, Corp. is aware that due to the inherent uncertain nature of subsurface utilities, including but not limited to deficient or misrepresentation of prints, SSMC cannot guarantee that all subsurface utility lines will be accounted for. SSMC will ensure that all reasonable efforts are made to identify the location of said underground utilities and provide the best available information within the project area with the use of Ground Penetrating Radar and Electronic Line Locating Equipment, as needed. Additional research will only be conducted by SSMC if requested in writing by Kisinger, Campo & Associates, Corp.

In accordance with the Underground Facility Damage Prevention and Safety Act, the Design Engineer shall perform sufficient Utility Coordination with the Utility providers in this location to affirm the information from SSMC's efforts and confirm that no other subsurface utility is possibly undetected by these efforts.

SSMC will certify that the surface designation is within two (2) feet of the true underground position of the utility relative to the mark as shown on the surface in accordance with the plans provided and the reasonable efforts conducted to locate the utilities as outlined above.

SSMC shall not be held liable for any latent or unreasonably discoverable utilities in the project area. Furthermore, in the event of a claim regarding the services provided in the proposal, SSMC shall have liability for reasonable and necessary defense costs to the extent caused by SSMC's negligence.

M.O.T. will be used only if absolutely necessary and these invoice charges will be an addition to the total per day rate and reflected on our invoice to you.

Note: If permitting is required for said work, these charges will also be additional and reflected on our invoice to you.

Note: Any additional overlaying or restoration of pavement, other than the replacement of materials removed and cold patched, will be the responsibility of Kisinger, Campo & Associates, Corp.

Note: All utility sizes given are outside diameter unless otherwise specified and are approximate only due to uncontrollable field conditions that may be encountered during excavation.

Mr. Sam Cullum P.E. | Vice President/Structures Department Manager Hammock Dunes Parkway – Intersection Improvements May 25, 2022

EXPENSES AND FEES

Our fee for this project will be as follows:

Subsurface Utility Designation: \$ 5,310.00

Subsurface Utility Verification (Mast Arms)

\$1,522.00 / per location (anticipate 4) \$ 6,088.00

Survey Collection of Utilities: \$ 2,112.00

Anticipated Total: \$13,510.00

Payment Terms:

Payment is expected within thirty (30) days from the date of the invoice.

Credit Card Convenience Fee

SSMC is committed to providing a range of payment options to our clients. Credit Card payments made via phone will result in a Convenience Fee. A Convenience Fee of \$25 will be applied to Credit Card payments. We will continue to offer other payment methods, including cash, paper checks, and electronic check payments (ACH), which carry no additional charge.

We look forward to the opportunity to work with you on this project.

Sincerely,

Grozio E. Blevins

Utility Division Project Manager

GEB.dce

Mr. Sam Cullum P.E. | Vice President/Structures Department Manager Hammock Dunes Parkway – Intersection Improvements May 25, 2022

If the above scope, period of service, and method of compensation meets with your approval, please have an authorized person execute below and send via email to contracts@southeasternsurveying.com as an official notice to proceed along with the notice of commencement. Fees and times stated in this agreement are valid for six months from the date of the proposal.

CLIENT AUTHORIZATION

I declare that I am authorized to sign the binding contractual accept this proposal.	al document. I also declare that I have read, understand, and
7	
Signature	Date
Printed Name	Title (if any)

GENERAL TERMS AND CONDITIONS

These standard terms and conditions ("STCS") are incorporated by reference into the foregoing proposal, along with any future modifications or amendments (the "Agreement") between Southeastern Surveying and Mapping Corporation ("SSMC") and its Client ("You" or "Your") for the performance of surveying services ("Services"). These STCS are fully binding upon you just as if they were fully outlined in the body of the proposal letter and shall supersede any term or provision elsewhere in the agreement in conflict with these STCS.

SCOPE OF SERVICES

For the fee outlined in the Agreement, you agree that SSMC shall only be obligated to render the Services expressly described in the Agreement. Unless the Agreement explicitly requires, in no event does SSMC has any obligation or responsibility for:

- a. The correctness and completeness of any document which was prepared by another entity.
- b. The correctness and completeness of any drawing prepared by SSMC, unless it was duly signed and sealed by a registered professional on SSMC's behalf.
- c. Favorable or timely comment or action by any governmental entity on the submission of any construction documents, land use or feasibility studies, appeals, petitions for exceptions or waivers, or other requests or documents of any nature whatsoever.
- d. Taking into account off-site circumstances other than those clearly visible and actually known to SSMC from on-site work.
- e. The actual location (or characteristics) of any portion of a utility that is not entirely visible from the surface.
- f. Site safety or construction quality, means, methods, or sequences.
- g. The correctness of any geotechnical services performed by others, whether or not performed as SSMC's subcontractor.

Should shop drawing review be incorporated into the Services, SSMC shall pass on the shop drawings with reasonable promptness. Checking and approval of shop drawings will be general, for conformance with the design concept of the project to which this Agreement relates ("Project") and compliance with the information given in the construction documents, and will not include quantities, detailed dimensions, nor adjustments of dimensions to actual field conditions. Approval shall not be construed as permitting any departure from contract requirements, nor as relieving the Contractor of the sole and final responsibility for any error in details, dimensions, or otherwise, that may exist. SSMC does not provide legal, accounting, or insurance services.

YOUR ORAL DECISIONS

You, or any of your directors, officers, partners, members, managers, employees or agents having apparent authority from you, may orally: (a) make decisions relating to Services or the Agreement; (b) request a change in the scope of Services under the Agreement; or (c) request SSMC to render additional services under the Agreement, subject to our right to require you to submit the request in writing before your decision or request shall be considered to have been effectively made. You may, at any time, limit the authority of any or all persons to act orally on your behalf under this Paragraph, by giving SSMC seven (7) days advance written notice.

STANDARD OF CARE

The standard of care for all professional services performed by SSMC under this Agreement shall be the skill and care used by members of SSMC's profession practicing under similar circumstances at the same time and in the same locality.

PAYMEN1

SSMC may submit invoices at any time to you for Services and reimbursable expenses incurred. Invoices are payable within 30 days of the invoice date. Invoices may be based either upon our estimate of the proportion of the total services completed at the time of billing for lump sum or fixed fee services, or in the case of hourly services, upon rendering of the Services. If any invoice is not paid within 30 days of the invoice date, SSMC shall have the right either to suspend the performance of our Services until all invoices more than 30 days past due are fully paid or to terminate the agreement and to initiate proceedings to recover amounts owed by you. Additionally, SSMC shall have the right to withhold from you the possession or use of any drawings or documents prepared by SSMC for you under this or any other agreement with you until all delinquent invoices are paid in full. You shall not offset payments of our invoices by any amounts due or claimed to be due for any reason.

fly ou do not give SSMC written notice disputing an invoice within 20 days of the invoice date, the invoice shall conclusively be deemed correct. All payments made by you should specify the invoice numbers being paid. If SSMC receives payments that do not specify the invoices being paid, you agree that SSMC may apply payments in our sole discretion. Time is of the essence of your payment obligations, and your failure make full and timely payment shall be deemed a material breach.

PROPRIETARY RIGHTS

The drawings, specifications and other documents prepared by SSMC under this Agreement are instruments of SSMC's service for use solely for the Project and, unless otherwise provided, SSMC shall be deemed the author of these documents and shall retain all common law, statutory, and other reserved rights, including the copyright and rights to any SSMC trademarks. You shall be permitted to retain copies, including reproducible copies of SSMC's instruments of service for information and reference for the Project. SSMC's drawings, specifications, or other documents shall not be used by you or other projects for any reason or for completion of this Project by other professionals unless you enter into a written agreement with SSMC allowing for such use. Submission or distribution of documents to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication inconsistent with our reserved rights.

TERMINATION

Either party may terminate the Agreement if the other party materially breaches the Agreement. You shall immediately pay SSMC for our services rendered and expenses incurred through the termination date, including fees and expenses that SSMC incur as a result of the termination.

ASSIĞNMENT

Neither party shall assign or transfer any rights, interests or claims arising under this Agreement without the written consent of the other. This Agreement shall not confer any benefit or right upon any person or entity other than you, SSMC, and its officers, employees, agents, and subcontractors. SSMC's officers, employees, agents, and subcontractors shall have and shall be entitled to the protections afforded SSMC under this Agreement.

GOVERNING LAW

This Agreement shall be interpreted under and governed by the laws of the State of Florida. The parties agree that the courts of Orange County, Florida, and the US District Court of the Middle District of Florida (Orlando Division) shall have exclusive jurisdiction over any controversy. The parties consent to the jurisdiction of the Courts and waive any objection either party might otherwise be entitled to assert regarding jurisdiction. The parties irrevocably waive all right to trial by jury in any action, proceeding, or counterclaim arising out of or related to this Agreement.

SEVERABILITY

If any part, term, or provision of this agreement is held to be illegal or unenforceable, the validity and enforceability of the remaining parts, terms, and provisions of this agreement shall not be affected, and each party's rights shall be construed and enforced as if the agreement did not contain the illegal or unenforceable part, term, or provision.

LIMITATIONS ON LIABILITY

SSMC's liability for any loss, property damage or bodily injury of or to you caused in whole or in part by SSMC in the performance of this Agreement, or in the performance of any supplementary services in any way related to this Agreement, shall be limited in the aggregate to the amount of fees that you have paid to SSMC for the Services. The parties intend that the preceding limitation on liability shall apply to all claims, whether sounding in tort, in contract, in warranty or otherwise. You release, waive, and shall not seek contribution from, or indemnification by, SSMC for any claims of any nature made against you by any other person who may suffer any loss, property damage or bodily injury in any manner associated with SSMC's services, or SSMC's officers, employees, agents and subcontractors under this Agreement, or any supplementary services in any way related to this Agreement. SSMC shall not be liable to you, in any event or for any amount, for delays, or consequential, special or incidental damages; or punitive or exemplary damages.

PAYMENT OF ATTORNEY'S FEES

The losing party shall pay the winning party's reasonable attorney's fees and expenses for the prosecution or defense of any cause of action, claim or demand arising under this Agreement in any court or in arbitration.

INDEMNIFICATION

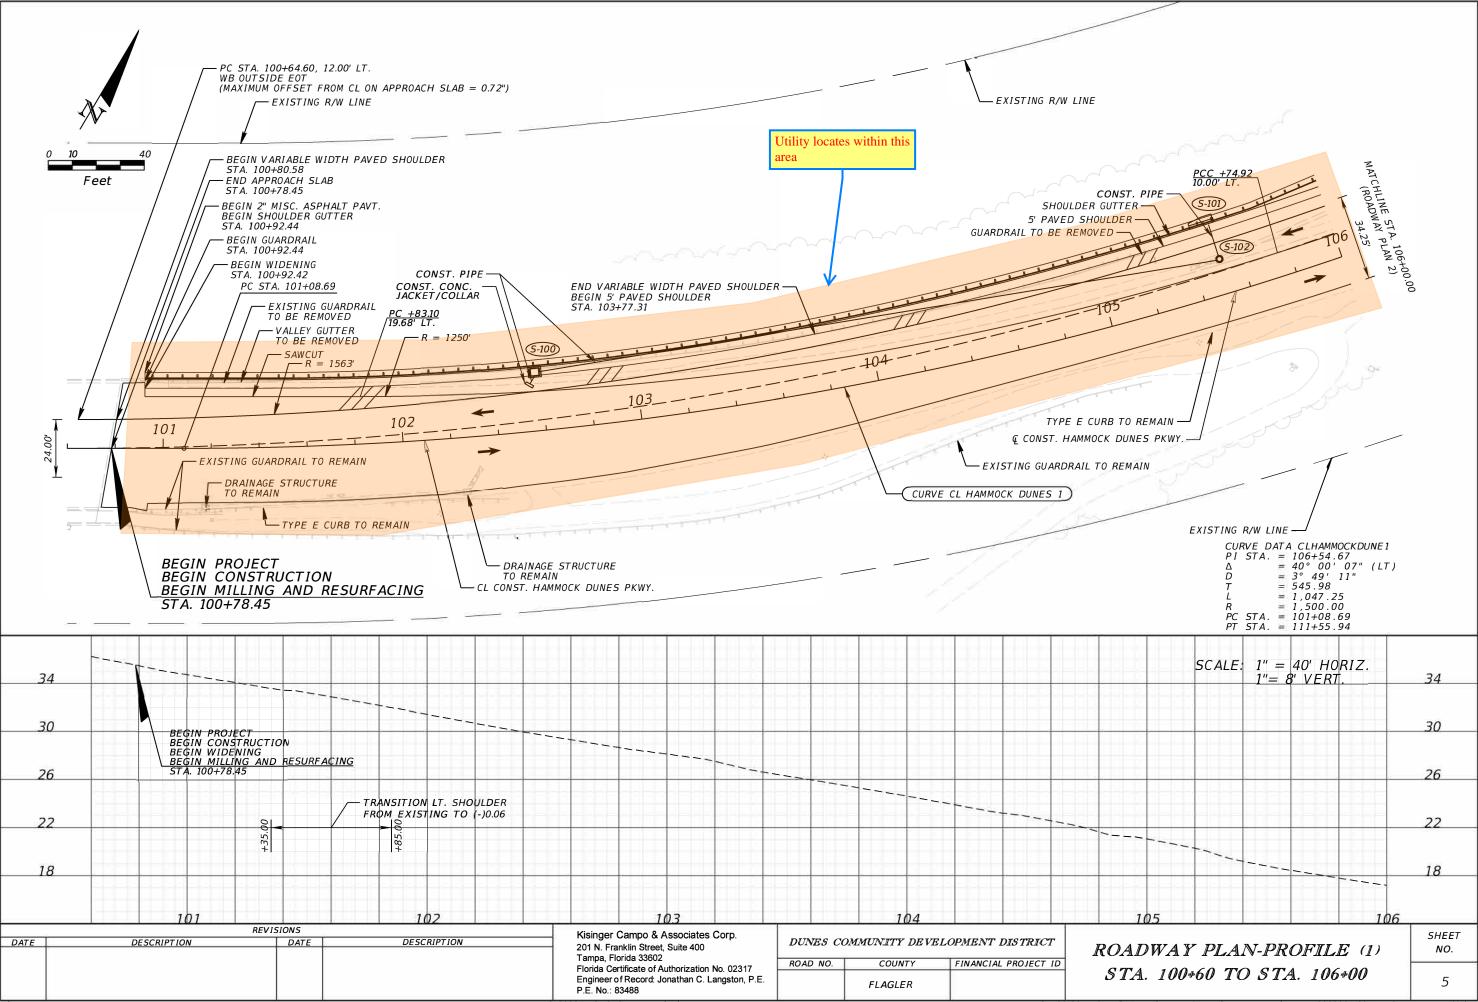

You agree to indemnify and hold SSMC harmless from and against any and all liability, loss, damages, claims, and demands for loss, damages, property damages or bodily injury, arising out of work undertaken on the Project by you, or your contractor, subcontractor or other independent company or consultant employed by you to work on the Project, or their respective partners, members, managers, directors, officers, employees, agents or assigns; or arising out of any other operation, no matter by whom performed, for and on behalf of you, or such contractor, subcontractor or other independent company or consultant, whether or not due in part to errors or omissions by us in the performance of this Agreement, or in the performance of any supplementary service in any way related to this Agreement, provided that you are not required to indemnify and hold SSMC harmless under this Paragraph in the event of SSMC's sole negligence.

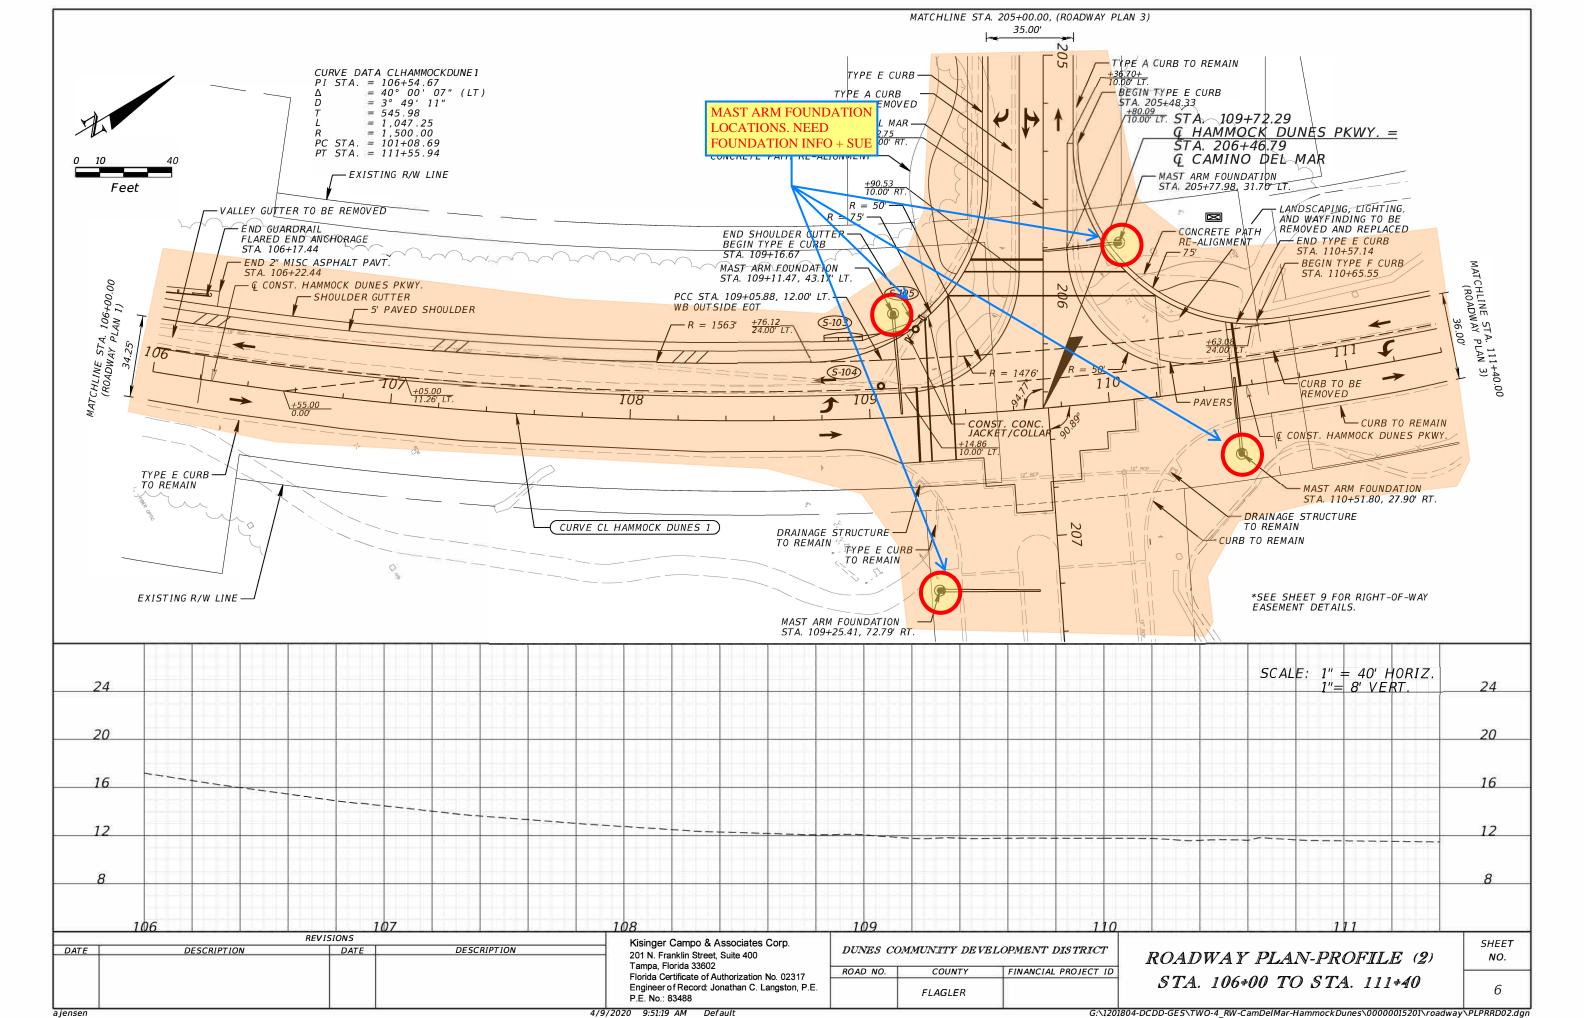

INSURANCE

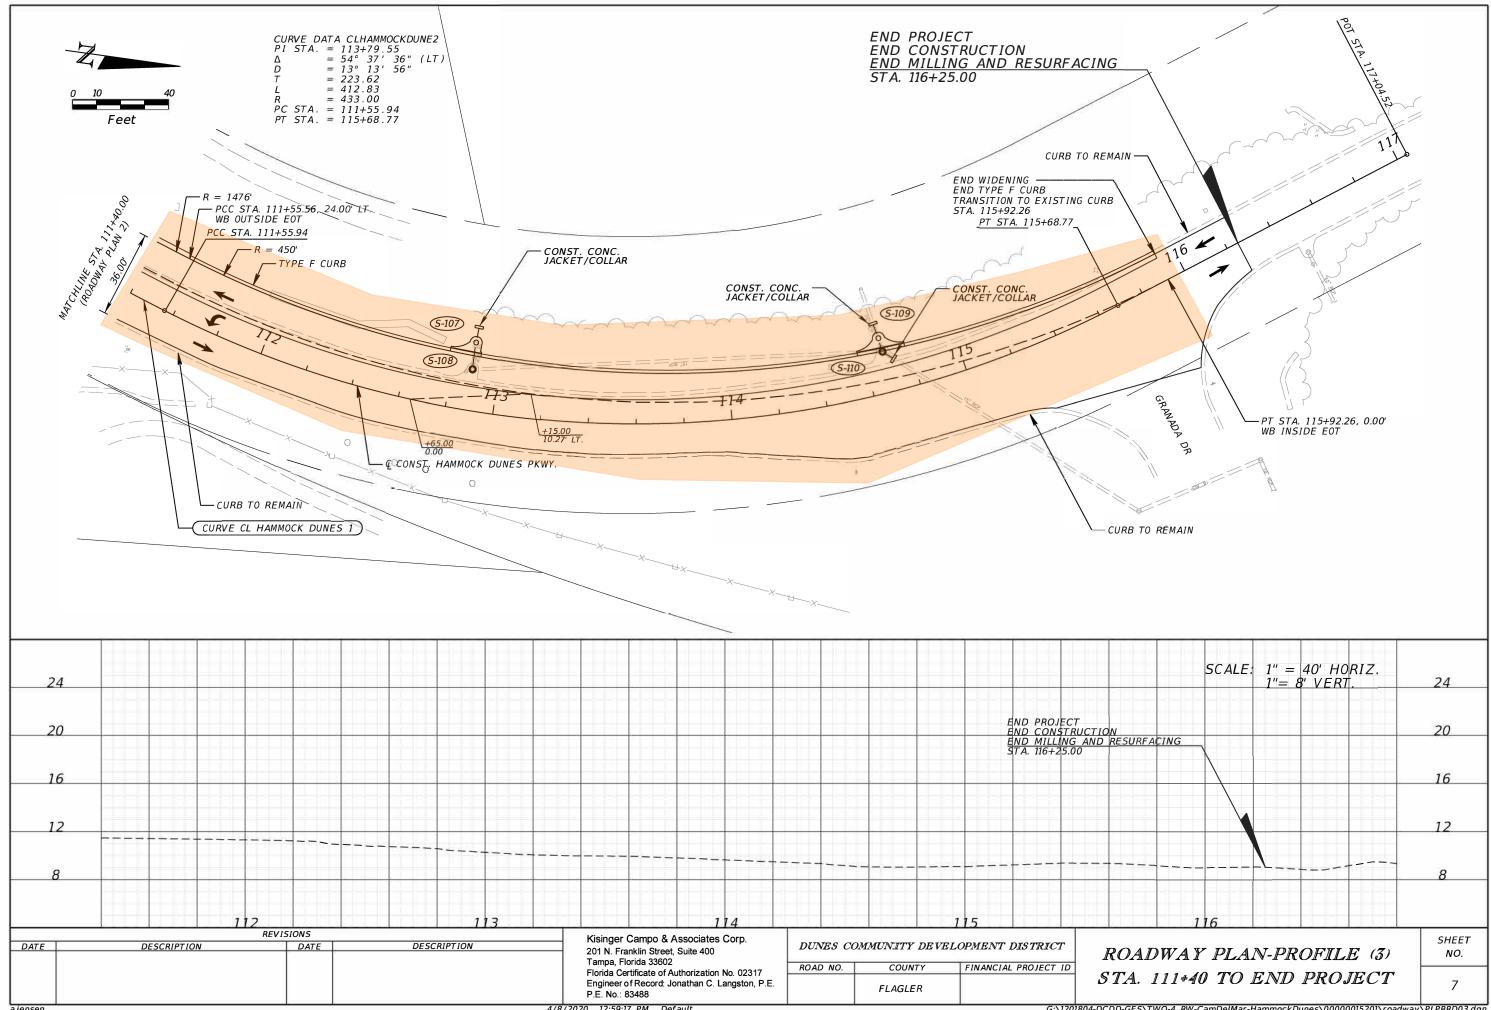

SSMC represents that it carries and will continue carry General Liability in the amount of \$1M per each occurrence and \$2M per general aggregate, Worker's Compensation in the amount of \$1M, Automobile Liability in the amount of \$1M, Professional Liability also known as Errors and Omissions in the amount of \$5M per occurrence and general aggregate, and Umbrella Coverage in the amount of \$5M. General Liability, Automobile Liability and Worker's Compensation are primary and non-contributory with Umbrella following form. Certificates of Insurance shall be provided upon request, listing your Company as the certificate holder for a period of one (1) year. SSMC and Client shall waive subrogation against one another.

COMPLETE AGREEMENT

This Agreement contains the entire agreement between the parties concerning the matters covered herein. No prior representations, statements, or inducements made by either SSMC, you, or the respective agents of either, that is not contained in the Agreement shall enlarge, modify, alter, or otherwise vary the written terms of the Agreement unless they are made in writing and made a part of the Agreement by attachment, incorporated by reference in the Agreement or signed or initialed on behalf of both parties.

July 26, 2021

Paul Foley, President KISINGER CAMPO & ASSOCIATES, CORP. 201 North Franklin Street, Suite 400 Tampa, Florida 33602

Dear Mr. Foley:

Group 2

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following types of work:

- Project Development and Environmental (PD&E) Studies

•		, , ,
Group	3	- Highway Design - Roadway
	3.1 3.2 3.3	Minor Highway DesignMajor Highway DesignControlled Access Highway Design
Group	4	- Highway Design - Bridges
	4.1.2 4.2.1 4.2.2 4.3.1	 Miscellaneous Structures Minor Bridge Design Major Bridge Design - Concrete Major Bridge Design - Steel Complex Bridge Design - Concrete Complex Bridge Design - Steel
Group 5		- Bridge Inspection
	5.1 5.2 5.3 5.4	- Movable Bridge Inspection
Group	6	- Traffic Engineering and Operations Studies
	6.3.1	 Traffic Signal Timing Intelligent Transportation Systems Analysis and Design Intelligent Transportation Systems Implementation Intelligent Transportation Traffic Engineering Systems Communications
		Safaty Mobility Innovation

Group 7 - Traffic Operations Design

7.1 - Signing, Pavement Marking and Channelization

7.2 - Lighting7.3 - Signalization

Group 10 - Construction Engineering Inspection

10.1 - Roadway Construction Engineering Inspection

10.3 - Construction Materials Inspection

10.4 - Minor Bridge & Miscellaneous Structures CEI

10.5.1 - Major Bridge CEI - Concrete10.5.2 - Major Bridge CEI - Steel

Group 11 - Engineering Contract Administration and Management

Group 13 - Planning

13.5 - Subarea/Corridor Planning13.7 - Transportation Statistics

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until <u>June 30, 2022</u> for contracting purposes.

Engineer Report

<u>Standby, Emergency Pumps – Lift Station Rehabilitation</u>

Priority 5 Facilities (2021-22): LS-8, Madeira Ct. Status: CPH Engineers provided an engineering proposal for performance of design and survey related services in the amount of \$20,050. A purchase order was issued to CPH on November 5, 2021, for the scope of work contained in the engineering proposal. Consultant field survey work began on February 2, 2022. Held pre-plan kick off meeting on March 15 to discuss detailed project scope of work and deliverables. Received first draft set of plans and provided review comments.

Emergency Repairs - Sanitary Sewer Lift Station No. 6: Failed riser piping successfully replaced with stainless steel piping. Additional work included installation of new check valves. Contractor, RCM Utilities, completed the emergency repair project in a timely manner during the scheduled period between May 9 - 13, 2022. Follow-up notices were provided to Flagler County emergency services offices and the Hammock Dunes Owner's Association that the project was complete and detour removed.

Hammock Dunes Bridge Toll Facility Improvements

Base Bid portion of project (Generator & Fuel Tank Removal/ Replacement/ Startup) is 100% complete. A Notice to Proceed was issued to the Contractor on 1/4/2021 for the Additive Alternate Bid portion (Building & Site Renovations). The Contractor provided a preliminary project schedule with tentative project substantial completion to occur (1/22). Contractor received Building Permit issued by Flagler Co. on March 5, 2021. The Contractor provided an updated project schedule with tentative project substantial completion to occur (4/22). Flagler Co. permitted a certificate of occupancy for temporary office trailer on November 3, 2021. Staff transitioned toll operations activities to the temporary trailer on November 5. Received updated project schedule and responded to Contractor's time scheduled beyond current substantial completion date of April 10, 2022, as authorized by Change Order #2. The Architect, Contractor and staff performed a walk-thru inspection on March 24 to confirm that the toll facility building improvements have been constructed in substantial compliance with contract documents. Staff relocated personnel and operations to renovated building on Friday March 25. Contractor current period activities include installation of conduit and light pole bases. installation of storm drainage system, and preparation of subgrade and base for new asphalt paving in the northerly parking lot area. Curb installation, irrigation and landscaping is scheduled to immediately follow paving activity. Pay Application No. 15, in the amount of \$56,292, was received and approved. Project completion is approximately 78%. A punch-list is being maintained for outstanding Architecture / Mechanical / Electrical / Plumbing corrections or deficiencies.

Hammock Dunes Parkway Milling & Resurfacing Project

The District issued a purchase order to Kisinger Campo and Associates (KCA) Engineers in December 2021 in the amount of \$39,990 for preparation of plans and specifications for eventual bid advertisement for the milling and resurfacing project. The project includes pavement milling and resurfacing of all of Hammock Dunes Parkway (less bridge) and portion of Camino del Mar between A1A and HD Parkway. Staff received a preliminary set of plans in early May and provided review comments to the design consultant during a remote meeting held May 17, 2022. Staff is currently awaiting receipt of revised plans and preliminary specifications. Future project scheduling and milestones were also discussed.

Bulk Chemical Tanks / Chlorine Feed Systems & Piping

Staff obtained guotations and issued purchase order to Odyssey Manufacturing Co. in the amount of \$ 32,400 for furnish and installation of two (2) new double-walled sodium hypochlorite (chlorine bleach) tanks (2,550 gallon & 1,050 gallon) and one (1) calcium chloride tank (625 gallon) along with miscellaneous equipment, vents, piping, and fitting for full turnkey replacement activity. Chlorine storage is necessary to support critical and required disinfection activities associated with both water and wastewater treatment processes. Additional vendor purchase orders issued to Wing Industrial Plumbing in the amount of \$26,000 for installation of conduit, tubing, and vaults for new chlorine piping feeds from the District chlorine feed skid pumping equipment to several plant process injection points.

Water/ Wastewater/ Stormwater/ CUP Regulatory Activities

The Dunes CDD Public Water System ID #2184259 – Consumer Confidence Report (Annual Water Quality Report 2021) is scheduled for distribution as an attachment to May 2022 customer utility billing statements to be mailed in early June. The report provides information and results of specific potable water sampling and testing activities performed throughout the year as required by the Florida Dept. of Environmental Protection (FDEP) and Environmental Protection Agency (EPA). The report was prepared by staff and forwarded for review and acceptance by FDEP. The reports were distributed with May water bills sent in early June and subsequent certification of delivery was prepared by staff and forwarded to FDEP. The certification provides confirmation to the FDEP that the annual report was distributed to customers in accordance with public notification.
